

TeleBanc

24-Hour Telephone Banking Service

Let your fingers do the banking, 24 hours a day, with the Bank's convenient telephone banking service TeleBanc! Just dial our TeleBanc number 1-913-599-0292 on your touch-tone phone to review account balances, verify if a check or deposit has posted and transfer funds between your accounts! And what's even better, there is no charge for this convenient service.

The first time you access the system to set up your login, enter any account number where you are the first person listed. Your initial Security Code will be the last four digits of your social security number. For added security, at that time, you will be prompted to change your Security Code to a number of your choice, between 4 and 15 digits. **The first account you use to set up your login becomes your primary account to access all accounts thereafter.**

If you are the second person listed on the account, and have no accounts where you are listed first, please call our Customer Service Division at 1-913-541-6133 to set up your own initial login.

If you are listed first on an account and also have accounts where you are listed second, you have many options to add those accounts under your own new login and Security Code for future access. You may:

- Use the, "To Add Accounts to Your Login" feature in TeleBanc,
- Call a Customer Services Representative, or
- Contact a Banker at your local Banking Center to assist you.

Simply dial the **TeleBanc** number and follow the simple step-by-step instructions, or reference this menu that lists the commonly used TeleBanc options.
